Jane Doe

Web Developer

<u>Far far away,</u> behind the word mountains, far from the countries Vokalia and Consonantia, there live the blind texts. Separated they live in Bookmarksgrove right at the coast of the Semantics, a large language ocean.

A small river named Duden flows by their place and supplies it with the necessary regelialia. It is a ~~paradisematic country~~, in which roasted parts of sentences fly into your mouth.

Quotes I Love

"It takes all the running you can do, to keep in the same place. If you want to get somewhere else, you must run at least twice as fast as that"
